How about the war?

Lose-lose.

But there's gotta be something...?

We've done it.

to lessen the political costs?

We're looking at total minority status for at least ten years. It'll take that long for the country to wash the bad taste out.

Too pessimistic! Why there are some moves we can make even now that...

At a point, all moves are bad. We're past that point.

The economy could alleviate...

Rule by banks fucks everybody. We fucked ourselves! And the spawn is in the White House.

That sounds like treason!

Make the best of it. It's all that remains.
